AWARDS & DESCRIPTIONS

***Lifetime Achievement Award* \$2,500**

This award is to celebrate an individual who has an established history of distinguished service that is the result of a 20-year (or more) commitment and selfless dedication to volunteerism in our community. Leadership contributions are indicative of, but not limited to, the sharing of experience, skill sets and knowledge, mentoring others to build individual and organizational capacities, financial contributions to accompany gifts of time, and simply raising the bar of volunteer engagement. This role model easily depicts how one person can make a substantial, long-term impact for sustained change.

***Spirit of Collaboration* \$2,000**

This award is to celebrate strategic partners who work together towards a shared interest. This cooperative nature is found amongst organizations that maximize resources (people, finances and services) to accomplish a goal that measurably improves the quality of our community. The outcome, whether an event, project, or specific service, could not be achieved in isolation or would be done on a much smaller scale without collaboration. Evidence must outline how each entity specifically contributed to the success of the identified endeavor. *Strategic partnerships may be among civic, community service and faith-based groups, for-profit businesses or a combination of groups.*
